## What is the Truth about Abortion?

In attempt to uncover the truth about abortion, this free ebook will review opinions shared across social media, then review what God says about it in the Holy Bible. Often Christian, Biblical, or pro-moral opinions are suppressed, censored and silenced from main stream sources, which are mostly owned by a few rich activists with specific political and religious views and objectives. It seems that people need to “read between the lines” to uncover the true sentiment of public opinion in a society where free speech is increasingly punished.

### Warning

Some content may be perceived as graphic and intense, because abortion is about killing.

What does the Bible say about the value of life and babies?

---

*Exodus 20:13 - Thou shalt not kill.*

---

---

*Jeremiah 1:5 - Before I formed thee in the belly I knew thee; and before thou camest forth out of the womb I sanctified thee, and I ordained thee a prophet unto the nations.*

---

---

*Matthew 18:6 (and Luke 17:2)- But whoso shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea.*

---

---

*Isaiah 49:1 - Listen, O isles, unto me; and hearken, ye people, from far; The LORD hath called me from the womb; from the bowels of my mother hath he made mention of my name.*

---

---

*Luke 1:41 - And it came to pass, that, when Elisabeth heard the salutation of Mary, the babe leaped in her womb; and Elisabeth was filled with the Holy Ghost:*

---

---

*Ecclesiastes 11:5 - As thou knowest not what is the way of the spirit, nor how the bones do grow in the womb of her that is with child: even so thou knowest not the works of God who maketh all.*

---

---

*Psalms 22:10 - I was cast upon thee from the womb: thou art my God from my mother's belly.*

---

---

*Psalms 106:38 - And shed innocent blood, even the blood of their sons and of their daughters, whom they sacrificed unto the idols of Canaan: and the land was polluted with blood.*

# Oregon abortions up 18% after Roe v. Wade overturned, according to new data

By **Amelia Templeton** (OPB)

Oct. 31, 2022 5:18 p.m.

The number of abortions per month in Oregon went up by 18% in August, after the Supreme Court's June decision overturning Roe v. Wade.

Abortion remains legal without restrictions in Oregon, and providers have been anecdotally reporting an increase in travelers.

“

I express my solidarity with the women whose freedoms are today challenged by the Supreme Court of the United States of America.”

**French President Emmanuel Macron**  
on SCOTUS overturning Roe v. Wade

“

Very concerned about implications of [the Supreme Court] decision on Roe v. Wade and the signal it sends to the world.”

**Belgian Prime Minister Alexander De Croo**  
on SCOTUS overturning Roe v. Wade

“

The news coming out of the United States is horrific. My heart goes out to the millions of American women who are now set to lose their legal right to an abortion.”

**CANADIAN PRIME MINISTER JUSTIN TRUDEAU**  
on SCOTUS overturning Roe v. Wade

“

Obviously the immediate consequences will be suffered by women in the US, but this will embolden anti-abortion & anti-women forces in other countries too. **Solidarity doesn't feel enough right now, but it is necessary.**”

**FIRST MINISTER OF SCOTLAND NICOLA STURGEON**  
on SCOTUS overturning Roe v. Wade

“

This is a serious step backwards for women's rights!”

**Norwegian Prime Minister Jonas Gahr Støre**  
on SCOTUS overturning Roe v. Wade

“

Social achievements are always at risk of going backwards and their defense has to be our day to day. Women must be able to decide freely about their lives.”

A State Rep in Maine pushed legislation that would require hunters to give coyotes a "respectful burial" on the same day she co-sponsored a late-term abortion bill.

Why would abortion clinics need to close their doors if they were providing all of the other services they claim to offer, that underserved women desperately need to have access to through them - mammograms, ultrasounds, pregnancy tests, prenatal care, contraception, etc... ?

If corporations are paying \$4,000+ to their female employees to kill their baby, they should pay them the same to celebrate life when their employees become mothers.

What needs to be addressed is the fact that ‘we’ have cultivated a culture of girls that believe their womanhood is largely defined by their ability to have irrational sexual intercourse and kill their child in result of it.

This speaks to a failure on multiple fronts.

Roe v Wade would still exist if Democrats didn't sue to have late term child murders. This is utterly self-inflicted. Y'all could have had safe, legal, and rare abortions. But that wasn't good enough, you had to cut open 9 month old baby skulls. Have some decency!

Dear Democratic Colleague,

This weekend, the American people spoke out in person and in large numbers about their opposition to the Supreme Court's disrespect for a woman's freedom over her reproductive health.

Following the release of the draft decision, our pro-choice House Democratic Majority has been hard at work preparing for the possibility of this tragic outcome. Our Caucus has been exploring avenues to protect the health and freedom of American women. Among them is legislation that:

- Protects women's most intimate and personal data stored in reproductive health apps. Many fear that this information could be used against women by a sinister prosecutor in a state that criminalizes abortion.
- Makes clear that Americans have the Constitutional right to travel freely and voluntarily throughout the United States.
- Once again passes the Women's Health Protection Act: landmark legislation to enshrine *Roe v. Wade* into the law of the land.

In his disturbing concurrence, Justice Clarence Thomas confirmed many of our deepest fears about where this decision may lead: taking aim at additional long-standing precedent and cherished privacy rights, from access to contraception and in-vitro fertilization to marriage equality. Legislation is being introduced to further codify freedoms which Americans currently enjoy. More information to follow.

It is still appalling to me that the Chief Justice of the Supreme Court would agree that a Constitutional right does not exist if it was not spelled out explicitly and in public when the 14th Amendment was ratified over 150 years ago.

While this extremist Supreme Court works to punish and control the American people, Democrats must continue our fight to expand freedom in America. Doing so is foundational to our oath of office and our fidelity to the Constitution.

It is clear from how Donald Trump and Mitch McConnell stacked the Supreme Court that elections have ramifications. It is essential that we protect and expand our pro-choice Majorities in the House and Senate in November so that we can eliminate the filibuster so that we can restore women's fundamental rights – and freedom for every American.

Thank you for your leadership For The People.

Nancy

Nancy Pelosi claims that murdering an innocent, harmless baby into multiple pieces and throwing the baby into a trash can is a woman's "reproductive health." Maybe the baby made in God's image would become a woman- what about her God-given human rights?

Reproductive health care and access to **abortion** is a human right. Here in Oregon, the right to make your own reproductive choices will continue to be protected by state law.

This democrat claims that putting someone to death is immoral, but putting a baby to death is a "human right." Does this sound like a double standard?

Ending abortion will bring nothing but pain. Not only for women, but for children. Children will be born to parents who can't afford them, parents who aren't ready, or they will live their lives in foster care. More poor kids, more abused kids, more traumatized kids.
