Who is Kamala Harris?

Some say that Kamala Harris is pro-abortion, pro-war, pro-drugs, pro-LGBT rights over others' rights, anti-border, anti-gun, wants to ban your health insurance and replace with socialist government health care, wants price controls like communist countries have, wants to give illegals benefits instead of helping citizens, and wants to increase your taxes. Is this true? This ebook will look into social media posts and other evidence of these claims.

Does Kamala Harris support killing innocent babies?

She says she supports "reproductive freedom" which is code for the horrific killing of defenseless babies that God created. The answer seems to be: yes.

Doesn't the Bible teach that killing is morally wrong?

Yes, abortion is murder. Jeremiah 1:5, Exodus 20:13.

Would a Christian push such a vile, evil, horrendous act?

Christians are to obey God's laws which includes "Do not kill." To our knowledge, Kamala has not given speeches about what abortion actually is or how the murders are carried out with sharp needles, claws, pliers, saws, involving blood and screams. She apparently believes women have "rights" to kill their sons and daughters and that the mom's "right" to kill is somehow more important than the baby's right to live. She has not been heard advocating for babies to be adopted into loving homes, instead of killing them. It's noteworthy that those advocating for mass scale death to babies have already survived themselves and are benefitting from not being aborted.

Is it right for a Christian to support someone who plans to support the evil slaughter of babies?

Christians should pray and examine evidence for which candidate supports Christianity, Christian freedoms, and Christian values the most. It is morally wrong to want people to die- that is evil that God hates. This issue alone is important enough to not vote for or support a candidate who pushes that evil.

Kamala is against guns and said she wants gun confiscations (she calls it "mandatory gun buybacks"). However, in her interview with Oprah in September 2024, she admitted that she owns a gun herself and would shoot anyone who breaks into her house. Is she now advocating for gun violence? In the same interview she said people deserve "freedom from gun violence." Does she believe in other people's right to self-defense or is that only for Washington elites like her?

Is Kamala Harris pro-war?

She has been the Vice President for nearly 4 years and with Joe Biden nearly incapacitated and her administration already in power, we know what to expect. During their administration the United States is now involved in 3 wars: with Russia via Ukraine, with Iran and middle east Muslim countries via Israel, and with China via Taiwan. Under Trump there were no wars, but under Kamala these 3 new wars are escalating and nearing World War 3. This is evidence that she may be pro-war and killing is wrong. Few see the last 4 years as a positive improvement over where we were before. Other candidates seek peace such as those who try speaking with our adversaries Vladimir Putin and Kim Jong Un.

Does Kamala Harris support other sins such as homosexuality and perversions?

Yes. Despite "women's rights," she openly supports men pretending to be women and making bathrooms and showers unsafe spaces for women. Some mutilate and desecrate their God-given bodies in effort to fulfil their lust, evil desires, and quest for identity through worldly (and satanic) ideals. Kamala appears to support this evil.

In 2016, I was proud to join two cases supporting transgender rights that opposed North Carolina's hateful so-called "bathroom bill." These laws only serve to attack transgender and non-binary people. As president, I will defend the dignity and rights of the trans community.

This isn't about bathrooms. This is about whether or not transgender people have the right to exist in the United States.

Deceivers often change words and meanings in order to bridge a gap to arrive at their desired point. Notice the language of Kamala's social media posts above. She hasn't admitted that men are going into bathrooms and putting women's safety at risk. Does she care about the numerous female victims who have already been sexually assaulted in bathrooms? She claims that if a man isn't allowed to enter a girl's bathroom then he doesn't have a "right to exist"? Where is the compassion for the rights of women to stay safe from sexual predators?

Virginia family sues school system for \$30 million over student's sexual assault in bathroom

Updated 4:21 PM PDT, October 6, 2023

ALEXANDRIA, Va. (AP) — A teenager and her parents have filed a \$30 million lawsuit against a northern Virginia school system, saying the district failed to adequately investigate and tried to cover up her sexual assault by a male student in a high school bathroom.

The details of the 2021 assault — the attacker was wearing a skirt in a women's bathroom — made it a flashpoint in the national debate over allowing transgender students to use bathrooms, play sports and go by names and gender pronouns that reflect their gender identity.

Those like Kamala Harris who push transgenderism often lie and say that women have never been sexually assaulted by men pretending to be women in women's bathrooms. However, it only takes a few seconds of searching to find plenty of evidence of sexual assaults and violence by people who call themselves "trans".

A gay OnlyFans content creator, who was approached by a left-wing agency to make an anti-Donald Trump video for a Democrat super PAC, said he refuses to “whore out” his values or “sell out for Kamala Harris.”

Is it true that Kamala wants to take money away from citizens to give to illegal invaders for sex changes?

It has been reported that she wants this. Consider the elderly barely living on social security who no longer can afford to stay at a care facility and who are about to be homeless because politicians like Kamala Harris steals from them. They steal by printing money that doesn't exist, which devalues everyone's money, then give it to their desired special interest groups to appease them. It's like the opposite of Robinhood, where she steals from victims barely getting by, and wastes it on foreigners to have dangerous sex operations—most that result in regret and suicide. These stats usually go unreported because of social shaming and bullying of anyone who risks sharing the truth. Homeless people with very little cash for food will continue to have less and less money after the reckless spending (theft) by the Harris/Biden administration. Where is the compassion for them and the other victims?

Biden/Harris administration is pushing transgenderism. Instead of having prayer meetings and Bible studies at the White House like Trump did, they made a display of "transgenders," some whom disturbingly revealed their private parts on the White House lawn. The democrat party media suppresses much of the negative things that occur, but people can find evidence of such acts through non-democrat search engines and websites. We are not including such images in this ebook because they are anti-Christian.

Kamala says she wants taxpayers to pay for criminal foreigners to have expensive "sex change" operations. Millions of Americans cannot afford health insurance for themselves or their families, but she wants to take what little money they have left and give it to illegal aliens instead. Presumably this is another means of her buying votes and pushing her anti-Christian religious ideology on others. These democrat party agendas are not voted on by the people and is not a democratic process, but akin to an authoritarian oligarchy. Kamala Harris was not even voted in by her own party, but by a backdoor manipulation tactic by her handlers. Joe Biden did not want to step down until he was forced to.

I've been told they are doing this to dogs, they have been doing it at snyder park with the ducks & geese, as I was told that last bit by Rangers & police. Please keep a close eye on these animals

Venezuelan migrant who entered US illegally charged with raping teen girl in Virginia

The democrat party steals taxpayer dollars to fly, bus, and import as many foreigners as possible as a means to bribe them into voting for them and staying in power. Part of their bribe involves giving them free hotels, food, phones, transportation, and they register them to vote as a democrat. They use a group of deceptive and complex NGOs to launder taxpayer dollars through them to hide the money trail. The census that shows increased population in democrat cities gives democrats more representative power in Washington.

The party does not seem to care about the thousands who have been killed and harmed through this violent and inhumane and treasonous act. In some cities in the US, the foreigners are starting to overthrow the local government and cause chaos, such as in Dearborn, Michigan and Springfield, Ohio.

Kamala Harris did not receive debate questions in advance, ABC claims: 'Absolutely not'

ABC panelist Donna Brazile fed the questions to Hillary Clinton previously at a debate and many wonder if Kamala Harris's friend at ABC did the same. It would give her an additional unfair advantage, but is anyone questioning that she didn't already have an unfair advantage being on a democrat media network with 2 democrat hosts who only fact checked Trump and didn't fact check Kamala's lies? Much of the democrat moderator fact checking were based on lies. For example, David Muir denied that immigrants were eating pets, specifically in Springfield, Ohio. However, just because he failed to research something doesn't mean it doesn't exist. There are police reports, photo, video, and eyewitness testimony about this occurring. Trump likely saw it on Fox News and mentioned it. However, why is the democrat moderators default response to deny it instead of look into it deeper? Do they not care about the truth?

What does Kamala Harris actually stand for?

According to the following source, these are some of her agendas (<https://www.theblaze.com/news/even-cnns-erin-burnett-shocked-by-unearthed-evidence-of-kamala-harris-radicalism>):

Kamala Harris wants to:

- End private prisons and illegal alien detention facilities;
- "Support the decriminalization at the federal level of all drug possession for personal use";
- Slash detention in illegal alien detention facilities by at least 50% and halt funding for the construction of new facilities;
- End the use of ICE detainers;
- "Pass immigration reform with a pathway to citizenship for the 11 million-plus people living in our communities";
- Seek a federal moratorium on the death penalty;
- "Fight" to make Washington, D.C., a state;
- "Require states with a history of unconstitutionally restricting access to abortion to pre-clear any new law or practice with the Justice Department before it can be enacted";
- Legalize all dangerous illegal drugs
- Increase taxes
- Confiscate guns
- Promote sodomy and transgenderism
- Promote killing of babies
- Promote wars (against Russia, China, Iran, etc)
- Promote communism and marxism
- Support Islam, but not Christianity
- Stop your freedom of speech
- Repeal the Hyde Amendment and "ensure that all insurers are required to provide full reproductive healthcare services"; and
- Ensure that "federal prisoners and detainees are able to obtain medically necessary care for gender transition, including surgical care, while incarcerated or detained."
- End all private health insurance and force a government plan. (source: <https://www.forbes.com/sites/theapothecary/2024/07/25/if-you-like-your-health-care-plan-will-kamala-harris-let-you-keep-it/>)

Closing opinions about Kamala Harris

If Kamala Harris was serious about fixing the border invasion she would have already done it in the last 4 years of her being the US Vice President. If she really wanted to stop inflation, she would have done it. Instead they did the opposite and pushed for increased spending which steals money from Americans through dilution and devaluation of their currency. If Americans liked the Biden administration and the "values" it stood for then Kamala would be their best choice. If Americans value God's creation and the life He created then choosing someone who wants to protect life and protect against victims of criminal invaders then the opposing candidate might be a better choice.
